PST 500 PRECISION SURGICAL TABLE

The Foundation of Care

Hillrom™

Our innovations put more heart in healthcare. Through more intelligent—and more connected—solutions, we help simplify routine workflows and communication, enabling care teams to focus on their passion—helping patients get better sooner. And we continuously raise the bar on quality and safety, building upon our legacy of trust with providers around the world.

Hillrom. Advancing Connected Care.

In dynamic surgical environments, care teams expect versatile technologies and tools.

- Improve efficiency in the OR

- Maximize surgical capabilities

- Enhancing patient and caregiver safety in the OR

Hillrom™

PST 500 Precision Surgical Table – The Foundation of Care

Versatile

Helping you stretch your investment and expand your procedural capabilities.

Safe

Designed with the safety of the patient and user in mind.

Efficient

Helping you streamline your workflow and see more patients, faster.

Intuitive

Quick to set up and easy to use features and components.

Hillrom™

Key Features

Imaging Support
With nearly 40 cm of table top slide, C-arm access is simple – and carbon fiber components enable 360° imaging.

Versatile Tabletop
With its wide articulation ranges, the correct position is always within reach.

Collision Control
Avoid collisions – and the risks that come with them.

Normal / Reverse Orientation
Allows the head section to attach to the foot side and vice versa.

High Patient Weight Capacity
Supporting up to 454 kg, the table can accommodate a variety of patients.

Quick Setup
The table's lightweight components and self-aligning hook-coupling point system make setup and modifications quick and easy.

Innovative Light Messaging System
Color-coded LED lights communicate table statuses such as brake selling, battery level and error state, reducing alarm fatigue in your clinical staff.

Easy to Move
Dual castors and standard 5th wheel help you move the table where you need it.

Hillrom™

Trend/Tilt Capability

EXPANDED ACCESS AND PROCEDURAL CAPABILITIES WITH A SINGLE TABLE

- 35° Trend

- 25° Tilt

- 30° / 25° Trend/Tilt ratio

- Expanded access for colorectal, bariatric and laparoscopic surgeries

Hillrom™

Normal / Reverse Orientation

VERSATILITY FOR PATIENT POSITIONING AND SURGICAL ACCESS, OPTIMIZING WORKFLOW

- Added versatility for patient positioning

- Supports industry standard workflow by allowing the head section to attach to the foot side

Hillrom™

454 kg Patient Weight Capacity

ACCOMMODATE A WIDE RANGE OF PATIENTS GIVING YOU PEACE OF MIND

- Up to 360 kg without restriction in normal orientation*

Hillrom™

* Depending on table top configuration

Collision Control

PREVENT THE TABLE FROM IMPACTING THE FLOOR RISKING A PATIENT INJURY

- Applicable for normal and reverse orientation

- Safe patient and table articulation while draped with limited visibility

Hillrom™
Light Messaging System

VISUAL TABLE STATUS FEEDBACK REDUCING ALARM FATIGUE

- Table Lock Status

## VISUAL TABLE STATUS FEEDBACK REDUCING ALARM FATIGUE

- Table Unlock Status

Hillrom™
Light Messaging System

VISUAL TABLE STATUS FEEDBACK REDUCING ALARM FATIGUE

- Table Error Indication

- Low Battery Status

Slim Column and Tabletop Slide

360° IMAGING ACCESS, REDUCING THE NEED FOR CHALLENGING WORKAROUNDS

- 40 cm of table top slide

- Carbon Fiber components

- New Cladding Design

- Quiet electro-hydraulic lift column

Hillrom

Self-Aligning Hook Coupler System

AUDIBLE AND VISUAL FEEDBACK PROVIDING A SECURE CONNECTION AND PEACE OF MIND

Works across our tabletop portfolio

- Shoulder Chair
- Carbon 1200
- Carbon 600
- Leg Section(s)
- Head Section (s)
- Universal section
- Pelvic extension
- Upper back section

Technical Details

PRODUCT SPECIFICATIONS

Length	227.2 cm
Net table weight	250 kg
Height adjustment	59.8 cm - 114.8 cm ± 0.5 cm
Trendelenburg / reverse Trendelenburg	± 35° (± 2°)
Tilt	± 25° (± 2°)
Longitudinal slide	40 cm ± 0.5 cm head side: 20 cm foot side: 20 cm
Adjustment Range - back section	± 90° (± 2°)
Adjustment Range – leg section	+ 90° / - 105°
Zero positioning	Simultaneous self-leveling of tabletop sections
Maximum overall load	454 kg*

*Weight capacity may fluctuate based on table configuration. Refer the to IFU for additional information.
